

REWIND

REWIND NATURE GRANADA

EVENT

Produced using zero latex

Zero water

Just a fraction of energy use

Significantly lower carbon emissions

Nature is a series of intricate cycles. Every ending starts a new beginning... It's time to rethink our connection with nature and close the loop! Introducing Rewind, the ultimate recyclable flooring solution. Rewind is stylish, durable and sustainable.

Produced using **zero latex**, **zero water** and with just **a fraction of energy use**. Rewind delivers significantly **lower carbon emissions** compared to traditional flooring.

And just like in nature, not a single fiber goes to waste. Rewind is made from only one material, so every carpet can be easily recycled and given a new life.

Rethink. Reinvent. **Rewind.**

Technical specifications

Manufacturing process	DIN 61151	Needle felt
Pile composition	-	100% PP
Surface structure	-	Structured
Backing	ISO 2424	None - latex free
Pile weight	ISO 8453	670 g/m²
Total weight	ISO 8453	670 g/m²
Pile height	ISO 1765	3 mm
Total height	ISO 1765	6 mm
Roll length	-	30 m
Permanent anti-static	ISO 6356	≤ 2kV
Prodis GUT Certificate	-	943358A6
Fire classification	EN 13501-1	Bfl-s1

Colours may slightly vary from batch to batch.
Characteristics in line with EN 1307 standards.
We reserve the right to alter technical specifications.
Protection foil is not suitable in humid conditions.
